

Rack Mount Fiber Optic Distribution Unit

BJ-2214

3 Coupler Plate 1RU Rack Mount

Features

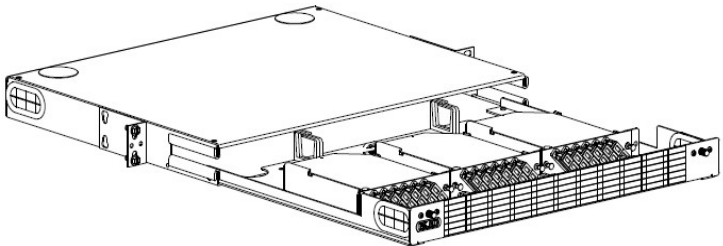

- Terminates up to 72 fibers with LC Quad Coupler Plates
- Included are 19" mounting brackets, which are adjustable from standard to near-flush positions. 23" adapters and tru-flush mounting kits are available
- Shelf slides out to accommodate splice trays
- Extra deep (14") for improved fiber bend when using cassettes, or for utilization of BJ-1742 splice trays
- Multiple cable entrance/exit holes including vertical pass-through for stacking multiple units
- Aluminum for lightweight design

Application

Provide cross-connection and splicing in a single rack unit. Perfect for small Central Office or POP fiber cross connects. Ideal for use with our BJ-2182 series of cassettes.
